

State Personnel Development Grant

Impact Story

Salem City Schools

District Demographics

Students Impacted	0
Families Impacted	750
Teachers Impacted	65
Administrators Impacted	6

Successes

Teachers are more prepared and have the resources to specifically target interventions for their classrooms. Tier 2 and Tier 3 interventions are falling into place, and the RTI process is coming back around where teachers are better prepared to talk about student data.

"I have a better understanding of how to properly intervene when my students are struggling."

Sustainability

We have the tiers of support in place. We also have a literacy plan in place where all teachers are aware of the plan and the expectations of the district are written out in a clear plan.

"I am learning how to read in small groups. My teacher is helping me to become a better reader by blending sounds together. I have never been a good reader, but I am getting better now."
