

State Personnel Development Grant

Impact Story

Lockland Local School District

District Demographics

Students Impacted	156
Families Impacted	NA
Teachers Impacted	7
Administrators Impacted	1

Successes

In addition to the State Personnel Development Grant, our district was also awarded the PARTNERS grant. Both of these grants have had a tremendous impact on teaching reading and writing to our students. Both have allowed the teachers opportunities to utilize their knowledge gained with both grants through a better understanding of the science of reading and the whys behind reading instruction.

“Language Essentials for Teachers of Reading and Spelling has taught me that I need to find the root cause and then strengthen the area of the reading brain in which the student is weak.”

Sustainability

Teachers will continue to build on their understanding of the teaching of phonics and phonemic awareness that will help students become better in these areas. Language Essentials for Teachers of Reading and Spelling will also impact the planning of lessons and delivery of instruction to best meet the needs of students in the areas of reading comprehension and writing. The work will be a constant focus when talking about K-3 literacy in our district.

“Language Essentials for Teachers of Reading and Spelling has reaffirmed a lot of my beliefs and ideals for reading comprehension and writing at a higher level.”
