

FOUR WAYS AI CAN SUPPORT YOUR CHILD'S EDUCATION & FUTURE

AI can help you discover your child's career path.

- AI can suggest career options based on your child's interests and strengths, helping them explore potential futures.
- When your child shares what they're learning, ask AI to show how it connects to real-world jobs or activities.

AI can help you support your child's learning at home.

- AI can review your child's writing and offer suggestions at the sentence level, helping them improve their grammar and clarity.
- If your child doesn't understand a topic, AI can explain it in ways that make sense to them.

AI can help you communicate easily with school.

- When you need to email your child's school, AI can help check your grammar, tone, and clarity.
- AI voice bot can help you prepare for conversations with teachers or school staff, so you feel confident and clear.
- Not sure what a policy means? AI can help explain complicated school policies in simple terms.

AI can help you get involved in school activities.

- AI can help you brainstorm creative ideas for fundraisers and school events.
- AI can find resources for after-school tutoring if you volunteer.
- AI prepares you for advocacy work, like speaking at board meetings.

Career exploration

My 15-year-old daughter is interested in science and loves solving problems. Can you suggest some career options that match her strengths and passions?

Explaining difficult topics

My son is struggling to understand the concept of fractions in math. Can you explain it in a way that would make sense to a 10-year-old who loves playing soccer?

Emailing the school

I need to send an email to my child's teacher about their progress in math class. Can you help me make sure my message sounds polite and clear, and check the grammar?

Conversation practice

I'm nervous about a meeting with my child's teacher to discuss their progress. Can you help me practice how to ask questions and express my concerns?

Understanding policies

The school's attendance policy seems complicated. Can you explain it in simple terms so I know how it affects my child?

Brainstorming ideas for school events

I want to organize a school event to promote mental health awareness for students. Can you help me brainstorm some creative ideas for activities or fundraisers?
