Family Engagement Leaders of Ohio is a virtual professional learning community for family engagement professionals in Ohio's districts and community schools. There are over 200 leaders in this network. We are bringing together family engagement professionals from across the state virtually to share their experience and to learn together how we can build partnerships with all families in our pre K – 12 education community. This community was established with family engagement professionals working in Ohio's districts or community schools in mind. Four on-line meetings are planned for this school year.
