Promising Practices

Columbus City Schools

Columbus has been in our Ohio Network of Partnership Schools since 2019! We're thrilled to highlight Columbus City Schools for their dedication to improving communication between schools and families. Here are some of the impactful ways they've bridged these connections:

- Ensuring universal access to critical information such as attendance policies and family resources through language translation.
- Supporting Family Engagement Workgroups with initiatives like the "check and connect" campaign, which keeps families informed about attendance through texts, mail, calls, and a dedicated hotline.
- Introducing innovative resources like refrigerator magnets with QR codes for easy attendance reporting, and the Smore Newsletter, keeping families updated on school news, events, and important updates.

Discover more about CCS's remarkable achievements and their journey towards excellence in family engagement!
